## HISTORY

Colorful reminders of nearly four centuries of Spanish, Native American and Southwestern cultures endure at The Bishop's Lodge Ranch Resort & Spa.

Steeped in rich history, this resort was originally a spiritual retreat founded by Archbishop Jean-Baptiste Lamy (made famous by Willa Cather's book *Death Comes for the Archbishop*), and still has the quaint chapel he built nearly 150 years ago.

## ACCOMMODATIONS

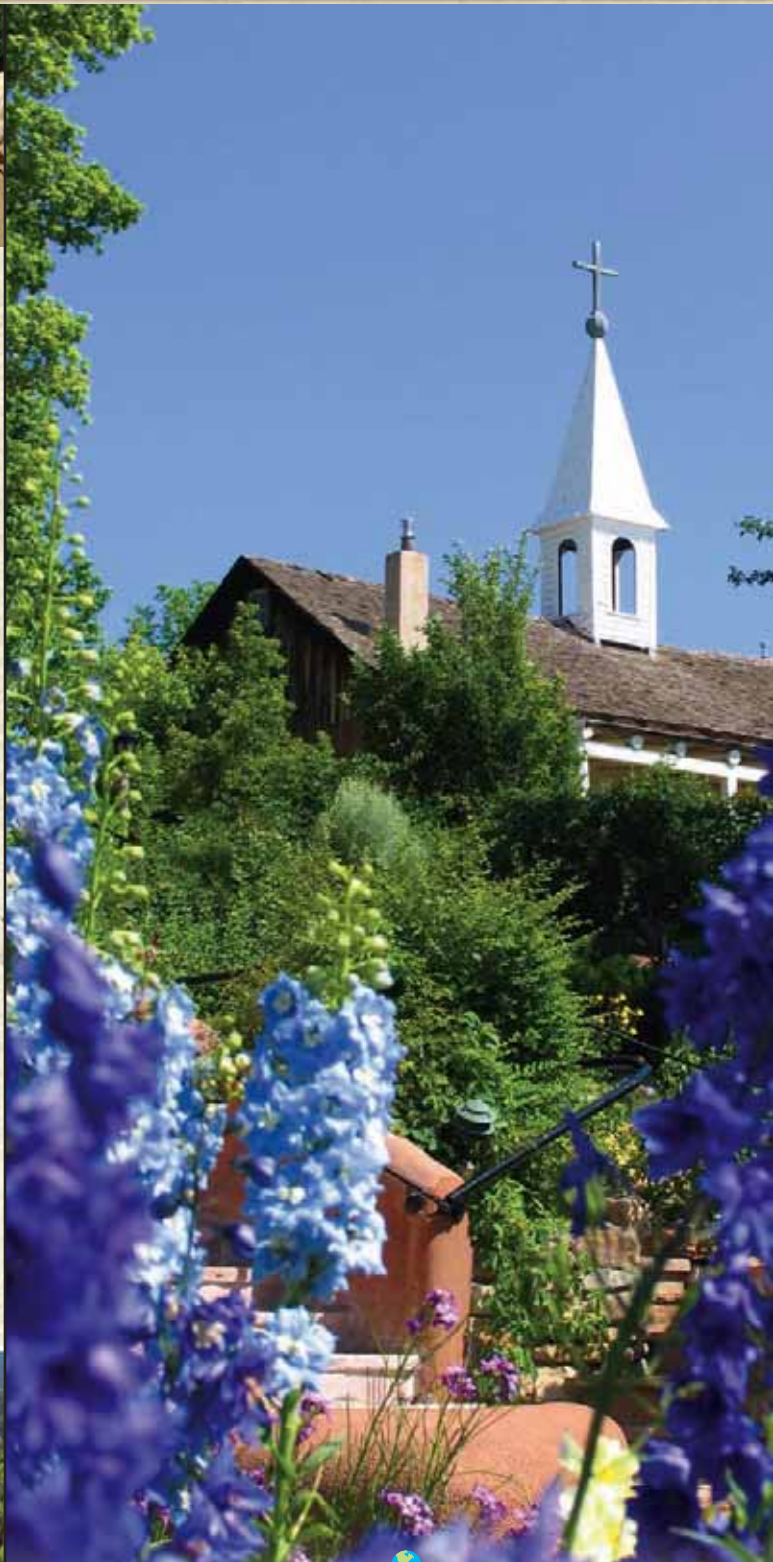

Make yourself at home in our ranch-style and deluxe accommodations, where you'll find the perfect balance of rustic charm and contemporary features. Our 15 lodges - and the 111 rooms within them - each have their own timeless and original character. Many rooms feature kiva fireplaces, private courtyards and quaint balconies decorated in traditional Santa Fe style. Enjoy modern amenities such as CD players, high-speed Internet access and premium-

television. A well-known retreat for families for many years, Bishop's Lodge can provide connecting rooms and oversized room options especially suitable for large families or groups.
