Freedom It Leaves Hoof Prints

There are a lot of things you can't get out here. There are a few things here you can get nowhere else. Like the freedom to be your own person; simplicity and a return to a straightforward way of doing things. Blue Sky Sage promises you will get all these things and more, set in the middle of expansive western country, with a willing horse as your partner. [Ride with Mike and Bobbi Wade](#), who guide every ride themselves, so you are assured the experience and expertise of their 40+ years as professional guides and horsemen are shared throughout your horseback riding vacation.

Wide-open country with 100-mile vistas and active riding are just some of the features of a Blue Sky Sage ride. Every week is a very hands-on experience of free-spirited horsemanship, with no fences and no "nose to tail" trail riding. We ride good Horses, we have a lot of fun and no one ever leaves thinking they haven't had enough time in the saddle! For over 18 years, avid horsewomen and horsemen have been riding with Blue Sky Sage and experiencing for themselves the thrill and unique opportunity to ride freely across the open range, many of them returning year after year. For only 6 riders per week, adults aged 16 and up, choose from [Girls Ride Out!](#) women-only weeks, [Guys Ride Too!](#) mixed group rides, or the one-of-a-kind [Mustang Horse Adventures](#). Get ready to pull your cinch, catch a stirrup, and RIDE!

Saddles & Horses

Meet the Horses! Every horse in the Blue Sky Sage cavvy is well-mannered, gentle, responsive, healthy and fully trained for the job they do for every rider, and are personally selected and integrated into the program by the Wades. In addition to quality saddle horses, every guest will ride a **Blue Sky Sage Signature “Double Wade” saddle**, a custom designed trail saddle which the Wades developed with their local saddle maker, especially for the comfort and safety of both the rider and the horse. It’s all about the horses here; you’ll spend every day immersed in riding and learning natural horsemanship, with a goal of a safe, enjoyable horseback experience. With good horses and quality tack assured, the only thing left to do is **make your reservation!**

Wide Open Spaces

The fences are few and far between, “civilization” is a long way off and the freedom to ride is limited only by your desire. You will be horseback in the midst of the wide-open spaces of Wyoming, with 100-mile vistas stretching between the horizons. Ride along the Continental Divide as it crosses the Red Desert, or into the Honeycombs badlands wilderness of the Great Divide Basin. Find yourself along the banks of the Little Sandy River as it winds its way like a ribbon of refreshment through the high, cool desert. This tall and uncut country is the home of the true western perspective. Cowboys, wild horses, historic trails, and ancient Native American campsites are still a part of the landscape.

Home on the Range

Less is more; you will have everything you need to be comfortable and well-fed in the simple, [yet comfortable outdoor setting](#). Sleep out under the stars or in a private, cozy range tent. A cot with a thick foam pad under your bedroll, in the pure Wyoming air promises you a good nights' sleep. Settle into your camp easy chair, pour yourself a cup of steaming hot Cowboy coffee and enjoy a varied menu that features Wyoming-grown organic, grass-fed bison, wild Alaska salmon, crisp salads and fresh fruits, natural cereals and yogurt, fresh vegetables, homemade breads, and desserts made from scratch right off the fire out of a Dutch oven.
