

Greybull

Wyoming

Heart of the Big Horn Basin
Junction US Highways 14/16/20
Between the Black Hills and Yellowstone
www.greybull.com

Nestled near the foothills of Wyoming's beautiful Big Horn Mountains, Greybull is like an oasis at the joining of the Big Horn and Greybull Rivers, Shell and Dry Creeks.

Greybull and the surrounding areas serve as a great base camp for desert to mountain to prairie recreation and is considered paradise by many - archaeologists, rockhounds, fishermen, hunters, hikers, photographers, and bikers - everyone who loves the outdoors and western culture.

Greybull, Wyoming

"Small town, Big heart"
