Golf has become synonymous with Arizona since The San Marcos Golf Course opened in 1913. As Arizona's first golf course with grass greens, over the decades The San Marcos quickly became a must play for travelers to the Arizona desert. And so it is today. You'll love our wide open fairways, huge salt cedar tree-lined fairways and ample greens. Several tee choices are available to fit the game of the novice and accomplished player alike. From the tips the course plays a respectable 6600 yards and from the forward tees at 5431. Water is in play on 7 holes and tee to green the course provides a fair and fun outing for all.

Our staff is available for individual and group lessons & can facilitate private and charity tournaments for groups of virtually any size. Our fully-stocked golf shop is also available with all the latest equipment and golf wear.

You may go home remembering your luxurious accommodations, or that amazing tee shot over the lake on #13 ...but one thing for sure, you'll definitely remember dining at The San Marcos, including the Award-Winning AJ's Cafe. If Starbucks® is more your style, maybe enjoying a bagel, coffee, the morning paper and small talk with new friends under our vine-covered pergola would be a perfect start to your day.

Lunch at the Award-Winning AJ's buffet is a must. AJ's features an all-you-can-eat feast of your favorites and it's a great place to meet area residents that flock to the restaurant daily.

Dinner over-looking the Fountain Courtyard is the perfect way to end your day...perhaps followed by an after dinner cocktail at the adjoining 1912 Lounge. Frankly, if you go home hungry, or without gaining a few pounds at The San Marcos, you're just not trying.
